Big Fire In St. Louis In Boatman's Bank Causes Loss of Life

(By Associated Press.)

ST. LOUIS, March 9.—Six are known to be dead, twenty-six unaccounted for, and about thirty injured seriously as the results of a fire which destroyed the seven story, Missouri Athletic Club building early this morning.

The estimated loss is over \$350,000, covered by insurance. The cause is unknown.

The building was owned by the Boatman's Bank, which occupied part of the first floor. In its vaults was nearly \$1,400,000, which is believed to be intact. The loss to adjoining buildings is estimated at \$16,000.

About seventy-five guests were sleeping when the fire started at 2 o'clock. Several of the dead jumped and the others were overcome and burned. A telephone clerk rang all rooms immediately but so quick was the spread of the flames that many were cut off from the fire escapes.

Many jumped to adjoining roofs and suffered broken bones. Firemen rescued several hanging from window sills with fingers charred. The walls of the building collapsed, endangering the firemen. Flames shooting from the lower story windows cut off escape from above.

The entire fire department is fighting the flames, which were unchecked today at noon.

NO BALL PLAYING WILL BE ALLOWED COLLEGIANS DURING THE VACATION

(By Associated Press.)

NEW YORK, March 9.—That the status of the collegian who plays "summer baseball" will remain unchanged at the leading eastern colleges and universities appears certain from recent statements issued by those in positions of authority.

A consensus of opinion among the athletic governing bodies, university faculties and prominent amateur authorities shows an overwhelming majority against the innovation which would permit a baseball player to jump from amateur to professional ranks and back again according to the calendar of his college.

A recent canvass of the institutions whose baseball teams appear on the Amateur schedule, undertaken by the oldest organ of that institution, indicates that of eleven colleges, including Yale, Harvard, Princeton, Dartmouth, Williams, Wesleyan, Columbia, Brown and Y. M. C. A. College, but two, Tufts and Massachusetts Agricultural College, favor summer baseball. Three colleges, Yale, Y. M. C. A. College and Tufts, are non-committal and have taken no definite stand, while six colleges, namely, Harvard, Princeton, Dartmouth, Williams, Wesleyan, and Columbia, have definite rules prohibiting summer baseball, in spite of reports to the contrary, based on the opinions of the team captains, that Yale, Harvard and Princeton contemplated such an agreement.

SHOP OF FASHION OPENS TOMORROW

The Shop of Fashion, conducted by Mrs. M. Malone, will have an opening tomorrow, lasting from 9 a. m. to 9 p. m., with an orchestra in attendance consisting of Julius Goldsmith and Harry Pile. Invitations have been issued for the affair, which will bring to view a perfect riot in color and magnificence of effect that has never been surpassed on the Pacific coast. Millinery in every conceivable design, and it may be said, incidentally, that bonnets and hats are not going to be of the bizarre order this year, as the styles are mostly after the tango pattern, the color of the revolutionary days. But it is in the evening gowns, street costumes and party dresses that the ladies will delight to see effects that are as startling as the assemblage of such colors as citron, Kelly greens, navy blues and the tango, which is a sort of Indian red.

Three piece suits, afternoon dresses, silk and wool tailored suits, street dresses, separate coats and skirts, and a greater variety and more one-of-a-kind styles than ever before will be shown. New tailored suits of imported silks, silk moire, silk poplin, gabardine, new models in serge, crepe poplin, wool crepe, shopped and broken checks. Special attention is called to a beautiful showing of popular priced misses' suits.

KILLED BY FALLING ROCK IN BELMONT TEN DAYS AGO

YOUNG FINLANDER DIES OF INJURIES CAUSED BY FALLING ROCK

Within a few weeks of his marriage to a young sweetheart in Finland, Ed. Peterson, of Tonopah, succumbed to injuries received in the Belmont mine eleven days ago. The funeral will take place tomorrow afternoon at 2 o'clock from the undertaking parlors of Wagoner & Cavanaugh.

One sister, 17 years of age, who recently arrived from Finland and is attending the public schools, is the only member of the family living here. A mother, brother and another sister still live in the old country. Two cousins reside in Tonopah and work in the Belmont.

Peterson was working on the 1200-foot level with a companion when a huge rock became detached from the roof and dropped on the stage where the men were running a drill. The staging was smashed and the occupants hurled to the floor, where Peterson was pinned beneath the rock, crushing his left side and breaking the lower limbs. His companion suffered simple injuries and is now convalescing. Peterson was 28 years of age and had been a year in Tonopah, coming from Park City. He was not a member of the Miners' Union.

BRASS BAND AND LOTS RED FIRE FOR THE NIGHT OF THE FIGHT

The way the Goldfield fans are going to the bat indicates that Tonopah must get busy unless the local boys want to get left. Never has there been such a demand for tickets in the history of either town and the game is on at fever heat. The southern men are not going to be a bit behind the form shown by Tonopah when 300 rooters went over there to attend the last match and the Goldfielders are going to paint the town a bright crimson. They are putting up the money freely but, so far, all betting has been about even. Nick Abelman is holding a bank roll of some size for a party of Goldfield sports who are willing to back Harrison to the limit.

Yesterday afternoon the principals changed quarters, Harrison and Graham coming over here and George and Freck going south. Tonopah turned out to the extent of several hundred to witness the sparring at the Firemen's gymnasium, where the boys worked for fifteen minutes at a speed that displayed their form. However, it was conceded that neither man showed his best, as each seemed anxious to reserve his best hooks and punches for the night of the fight.

Charlie Taylor and Nick Abelman accompanied Freck and George to Goldfield and they say they never saw a town so badly worked up over

ATTACKS WILSON FOR NOT GIVING AMPLE PROTECTION

TEXAS SENATOR SAILS INTO THE ADMINISTRATION WITH-OUT GLOVES

(By Associated Press.)
WASHINGTON, March 9.—Urging intervention for the protection of Americans and other foreigners in Mexico, which he said would prevent war, Senator Fall addressed the Senate, giving a list of sixty outrages on Americans, including murder and rape, concerning which the Senator said he had personal knowledge, and attacked vigorously the administration's policy. He said there were numerous precedents and referred to McKinley's famous war message, indicating that intervention was the proper thing to do. He attacked Wilson's refusal at autumn to transmit information relative to Mexico to the Senate on the ground that it was incompatible with public interest, and cited that Lincoln and Cleveland informed the Senate of similar conditions.

SOIREE DANSANT AT THE K. C. HALL

MR. AND MRS. CARL STEVENS AND MR. AND MRS. J. H. CARPENTER ENTERTAIN

If you love me
Sigh for me,
If you do not
Lie to me,
Let me think it
Since or not
Mine will be
A blissful lot.

A congenial event was that given jointly by Mr. and Mrs. J. H. Carpenter and Mr. and Mrs. Carl Stevens Saturday evening at their soiree dansant. The event was held at Knights of Columbus hall, which appeared in an ambitious decoration of jonquils, ferns and huckleberry branches. Two great fireplaces emitted a double fire, and the logs a friendly, if not a romantic flame. Ninety guests were present and indulged even to the extent of the minute.

At midnight the guests adjourned to the dining room, where assorted sandwiches, coffee, fruited ice and other delicacies tempted the palate. Rudolph Parker, violinist, and Henry Fife, pianist, furnished the music.

MRS. FISKE AT THE PASTIME

A new standard by which Tonopah may be able to judge the changes which are coming over the motion picture industry is the presentation at the Pastime theater this evening and tomorrow afternoon and evening of Mrs. Minnie Madden Fiske, America's distinguished emotional actress, a motion picture version of her greatest stage success, "Tess of the D'Urbervilles."

Motion pictures are not the words that describe what is seen at the Pastime theater. It is silent drama and none the less strong for its silence. With modern perfection bringing out every detail smoothly to the eye, the very personality of the great artist pervades the theater and one forgets that it all comes from the celluloid strip and the light above.

ARREST THE ARMY OF UNEMPLOYED AT SACRAMENTO

KELLY AND HIS CIENTENANTS THROWN IN JAIL—FOLLOWERS DISPERSED

SACRAMENTO, March 9.—Several peace officers and deputies arrested "General" Kelly and eighteen of his lieutenants in the army of unemployed. There was no resistance, and on a charge of vagrancy they were jailed. Then they swooped down upon 1700 encamped on Southern Pacific property and drove them into the streets.

The Industrial Workers of the World faction resisted and several heads were cracked. The authorities were armed with pick handles, which they wielded as clubs. The governor was asked to order out the militia. Four hundred militiamen mobilized at the state arsenal awaiting orders in case they were needed to quell expected riots.

Previously the authorities offered the entire army transportation back to San Francisco, which they refused. The army left San Francisco a week ago on a proposed trip to Washington.

Adjutant General Forbes is observing the situation. The governor said the militia would be called if Forbes thinks it necessary. When told to leave many dropped on the ground, holding American flags and daring the officers to molest them. These were thrown bodily over the fence, cursing. Rooters were beaten into submission with much bloodshed. After they dispersed the crowd threw missiles that damaged automobiles, street cars and property generally. Authorities plan to deport the crowd to Yolo county.

Texans Make Dash Into Mexico and Recover Dead Body

(By Associated Press.)

AUSTIN, Tex., March 9.—Persons whose identity are unknown crossed the boundary early Sunday morning, exhumed the body of Clemente Veraga, the American killed by Mexican Federals, from Hidalgo cemetery, brought it to the American side and notified the authorities, who recovered the body, which was left alone when the expedition dispersed.

So great was the secrecy maintained that it is unknown who composed the expedition. It was at first reported that Texas Rangers were responsible, but this is denied.

A spade sticking into the ground beside the empty grave with the inscription, "Recuerdos" (remembrances) is the only evidence known.

WASHINGTON, March 9.—Secretary Bryan and President Wilson conferred over the recovery of Veraga's body. A full report from Governor Colquitt and Consul Garrett is expected. They said they had no official advices.

YERINGTON GIRLS ARE CHAMPIONS OF STATE IN BASKET BALL

By a score of 14 to 10, the Tonopah girls' basketball team Saturday night, in the high school gymnasium, met its first defeat from an outside team at the hands of the Yerington girls. The game was remarkable for the fast, clean playing on both sides and the friendly spirit manifested by the members of both teams. Several times the score was even and exciting.

ment ran high. It was only when the final whistle sounded that the outcome was certain.

Leale Regan as center, and Isabel Slaven as guard, played star games for Tonopah, while Miss Valencourt, one of the Yerington forwards, made many spectacular and effective plays for her side. The Tonopah girls and Miss Bray received many congratulations on the work of the team.

During the afternoon the Yerington visitors were shown about the town in automobiles and taken down the Midway mine by Mr. Scott. In the evening after the game they were entertained at a dance in the high school gymnasium.

On March 21 the Tonopah team will play a return game with Yerington. This will be the last game of the season and will probably determine the state championship. Following is the Tonopah line-up last Saturday evening: Forwards, Gertrude Ripplingham, Fannie Holmes; guards, Isabel Slavin, Leona Carey; centers, Anna Critchfield and Leale Regan (captain).

The Yerington team was accompanied by Professor Wagner, principal of the Yerington high school, and his sister, Mrs. Rickstetter, one of the teachers. They and the girls expressed themselves as delighted at the way they were entertained here and said many good things about the Tonopah girls' team and the way it has been coached by Miss Bray and Mr. Young, as shown by its playing.

The high school boys staged their come-back Saturday night against the Mizpah Club. They showed up well but a weakness in shooting baskets was evident. The guards showed up well and held the larger forwards with exceptional ability. The feature of the game was the finish at the time the score was tied and after two minutes of play in which the ball was first in one end of the hall and then the other. Finally John Harrington secured the ball near the center of the floor and with no one to pass to, shot for and made one of the cleverest baskets seen on the court this year.
